

SLACK TEAM COMMUNICATION

Signing up for Slack

1. Sign up at <https://jackrabbittech.slack.com/signup>
 - a. Put in your email address with Jackrabbit.
 - b. Create account

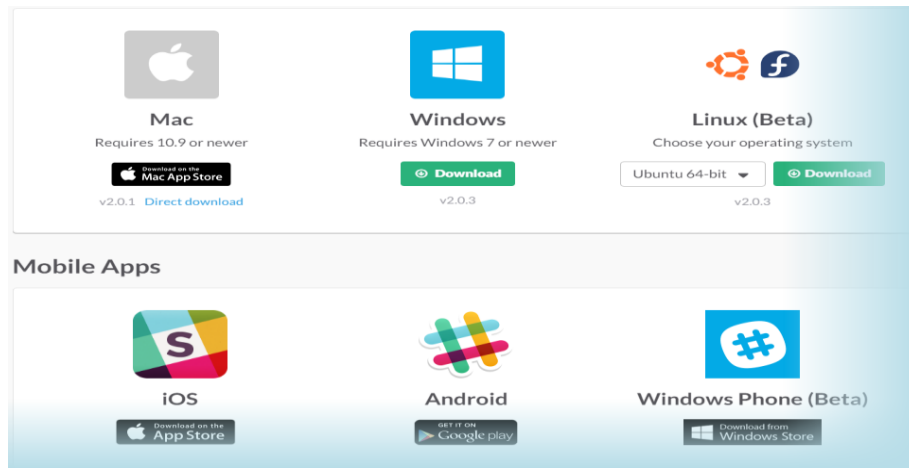

- c. An email will be sent to you with a link to complete signup.
2. The team you are joining is jackrabbittech.

When you first sign in click the link at the bottom of the page to download the Desktop App so you are not running Slack on a web page.

Or go to Download Desktop & Mobile App at <https://slack.com/downloads>

The desktop app can be pinned to your taskbar and is a smaller screen to use. This app will allow you to Copy & Paste in images or to Drag & Drop in images as well. If your icon won't open up Slack when you click on it look on the right hand side of the taskbar over by the calendar/volume area and use that Slack icon to open it up.
